2.3.	Measures taken due to external and internal factors affecting the issuer's activities, changes in the type of products and services.	Mongolia's economy grew by 5.0 percent in 2024, indicating a steady economic recovery. Although the inflation rate increased to 9.1 percent per year, the average monthly household income increased by 19.9 percent, and the national average nominal wage increased by 19.5 percent, which positively impacts household financial conditions and is expected to improve mortgage repayment capacity and housing affordability. The financial sector continues to grow, with total assets of operating banks increasing by 25.1 percent and assets of non-bank financial institutions increasing by 26.5 percent, respectively, increasing the stability of the sector and reducing the counterparty risk. As of December 2024, the housing price index was 1.247, down 0.95 percent from the same period last year, and the growth of the housing price index (HPI) has begun to stabilize in																											

		<p>recent years. The demand for housing is high due to the high proportion of young people in Mongolia's demographics and the high demand to redevelop ger districts and housing in the rural areas.</p> <p>In 2024, 19,790 housing units were commissioned, an increase of 3.1 percent from the previous year and 23.8 percent over the past five years. Construction sector output grew by 0.6 percent in 2023.</p> <p>As of the end of 2024, the total outstanding amount of mortgage loans issued under the Government's Affordable Housing Finance Program amounted to MNT 6.1 trillion, and the number of borrowers reached 90.7 thousand. "MIK HFC" LLC purchased and securitized 67.4% of these loans. In 2024, a total of MNT 2,928.5 billion of mortgage loans were issued, of which 47 percent, or MNT 1,373.6 billion, were issued within the framework of the AHFP, and 53 percent, or MNT 1,554.9 billion, were issued from banks and other sources. Compared to 2023, the amount of new loans issued under the program increased by 55.2 percent, and this growth was positively affected by the cessation of loan payment deferment and an increase in the issuance of RMBS. As part of the loan deferral program, MIK HFC LLC has deferred loan payments of MNT 10.1 trillion for 190.5 thousand borrowers cumulatively. Mortgage loans with market interest rates increased by 36.0%, indicating an increase in the supply of mortgage loans and high demand, which positively impacts the growth of the mortgage loan market.</p> <p>In January 2024, MIK HFC LLC successfully issued \$225 million in Khulan bonds on the international market, with an interest rate of 11.5%, a term of 3 years.</p> <p>Mongolia ranks third in the world regarding land area per capita, but about 50% of the population is concentrated in the capital city of Ulaanbaatar, which occupies 0.3% of the total territory. Therefore, to distribute program loans equally between the capital and rural areas, the program is working to increase the financing of program loans to rural areas</p>
--	--	--

		<p>starting from 2024. Within the program's framework, an average of 17% of the total loan amount and an average of 24% by number of borrowers were provided to rural areas in 2018-2022. In 2023, program loans were provided to 8.9 thousand households, of which 32% or MNT 302.6 billion were provided to 3.7 thousand households purchasing housing in the rural areas. However, as of the second quarter of 2024, MNT 331.3 billion were provided to 3.3 thousand rural households, constituting 44% of the total loan amount and accounting for 50% by number of households.</p> <p>The main guidelines of the government's monetary policy in 2024 include transferring the subsidized mortgage loan program from the Bank of Mongolia to the Government, and "MIK HFC" LLC will work with the Government to ensure the program's continuation in a stable and efficient manner.</p> <p>To ensure the continuity of the AHFP until the Government takes over the program and finances it from loan repayments, the "Temporary Procedure for Providing Mortgage Financing Sources to Banks" was approved by the Order No. A-246 of the President of the Bank of Mongolia in 2023. Within the procedure framework, the "General Agreement on Housing Mortgage Financing" was renewed on February 23, 2024, with the participants in the program, MIK HFC LLC and banks, and the Bank of Mongolia continuing to finance the program through the repayment of RMBS. Within the framework of the "Law on the Sovereign Wealth Fund" approved by the plenary session of the Parliament on April 19, 2024, it is stipulated that MNT 499.5 billion will be accumulated in the Savings Fund, and the accumulated resources will be invested in the subsidized mortgage program through the Bank of Mongolia. The Ministry of Finance and the Bank of Mongolia have signed an "Agreement on the Management and Development of the Savings Fund's Assets" within the resolution framework, and are investing in the subsidized mortgage program using the Savings Fund's resources.</p>

		<p>As Mongolia has a young, socially active population, high smartphone usage, and increasing access to government and other e-services, the Company has begun facilitating the operations of its customers and borrowers by releasing liens electronically and resolving some borrower requests electronically. We have also begun introducing electronic tools and innovations into our internal operations. We are working to modernize our financial management system, digitize our portfolio purchases, and introduce “business intelligence tools.”</p> <p>MIK HFC LLC plans to purchase and securitize mortgage loans worth up to MNT 900 billion in 2025.</p> <p>In 2025, the following measures will target the rural community in the program loan products purchased and securitized by “MIK HFC” LLC. These include:</p> <ul style="list-style-type: none"> <li>▪ The maximum loan amount for a rural mortgage is MNT 150 million;</li> <li>▪ Credit Guarantee Fund will issue guarantees for rural mortgage downpayments;</li> </ul> <p>Measures implemented since 2023, such as providing a 60 percent guarantee for downpayments and a 3 percent interest subsidy for citizens purchasing housing in rural and remote districts, will continue to be implemented.</p>
2.4.	Detailed information on transactions recorded outside the balance sheet and accounting policies /off-balance/	Attached
2.5.	Information on loan repayments, loan collateral, and guarantees obtained during the reporting period;	<p>During the reporting period, mortgage loans were purchased through two special-purpose companies, totaling MNT 506.35 billion.</p> <p>Per the Government Resolution No. 68 of 2023 “On Some Measures to be Taken for Urban and Rural Revitalization”, the Bank of Mongolia, the Ministry</p>

		of Construction and Urban Development, the Credit Guarantee Fund, and Commercial Banks concluded a general agreement on rural housing financing under the “Mortgage Loan” scheme. Under this agreement, banks began issuing mortgage loans with downpayment guarantees in local and remote districts (Nalaikh, Baganuur, Bagakhangai). “MIK HFC” LLC issued RMBS worth MNT 506.35 billion in 2024 under the AHFP, of which 97 loans worth MNT 8.8 billion are down payment guaranteed loans.

5.	Corporate governance information	
	Please refer to the “Corporate Governance Report” in the annex for information related to corporate governance for the financial year.	
6.	Market risk information	

	<p>MIK Holding JSC’s market risk is influenced by external and internal economic conditions affecting its subsidiaries. In 2024, the Mongolian economy grew by 4.9 percent, supported by external and internal economic activities, inflation growth, supply constraints, and international factors. The Bank of Mongolia reduced the policy interest rate to 10 percent to support economic expansion. The share of non-performing loans within the securitized portfolio is expected to remain low. As of 2024, the MNT exchange rate against the US dollar stood at MNT 3,420.25, weakening by 0.28 percent since the beginning of the year. This depreciation may have a negative impact on the repayment of the company’s US dollar-denominated obligations.</p>

The Risk Management Committee (RMC) under the BoD is responsible for overseeing risk policies, acceptable risk limits, and identifying and evaluating risks that may affect business operations.

#### **Issues discussed at meetings:**

- Acceptable risk framework
- Risk management reports
- Compliance activity plans and reports

### **Nomination and Remuneration Committee**

This committee is responsible for supervising governance structures (excluding documents related to finance and internal control), policies, rules and regulations, their amendments and implementation. It handles the nomination and selection of BoD members, executives, and senior officers who report directly to the BoD. The committee also defines requirements for those positions, drafts terms for employment agreements, and organizes performance evaluations of the BoD and executive management. It oversees the implementation of remuneration policy, sets upper limits for compensation and bonuses, ensures compliance with these limits, and evaluates the company's HR policies and incentive systems.

#### **Issues discussed at meetings:**

- Changes in BoD structure and composition
- Executive reports, salaries, and bonuses; implementation of HR policies
- Reports from the Board Secretariat
- Implementation of HR policies
- Remuneration and bonuses for BoD members

### **Sustainable Development Committee**

The Sustainable Development Committee (SDC) under the BoD is responsible for defining the company's sustainability policies, strategies, and objectives, ensuring their continuous improvement, and monitoring performance indicators and reporting.

The committee meeting reviewed the progress of the implementation of the company's sustainability policy.

## **REMUNERATION OF THE BOARD OF DIRECTORS**

The remuneration of the members of the Board of Directors consists of a fixed salary and additional compensation. The fixed salary is a regular monthly payment granted by virtue of being appointed as a BoD member. The additional compensation is calculated based on participation in meetings and is paid quarterly. The method for calculating additional compensation has been developed and approved by the BoD.

Total	12	9	56,599,200	40,428,000	28,299,600	20,214,000

### EXECUTIVE MANAGEMENT SALARY AND BONUSES

In accordance with the agreement concluded with the Chief Executive Officer (CEO), the amount of salary and bonuses is determined by the Board of Directors (BoD). The executive management is required to report their performance to the BoD once a year.

The BoD may grant bonuses to the executive management based on the company's annual profitability, growth and development of operations, risk reduction efforts, and the outcomes achieved.

### OTHER ACTIVITIES OF THE BOARD OF DIRECTORS

#### Board of Directors Evaluation

In accordance with the procedure for evaluating the Board of Directors, a decision was made under Resolution No. 25/13 of 2025 to conduct an evaluation of the Board's activities for the year 2024. The evaluation was carried out between March 24–28, 2025. It was conducted electronically using detailed questionnaires, and scores were assigned on a scale from 1 to 5.

No	Category	Rating
1	General mandate fulfillment	4.31
2	Structure & composition	4.60
3	Operations	4.31
4	Roles & responsibilities	4.16
	Overall average	4.35

**The Board received high evaluations in the areas of strategy and leadership:** it was noted that the Board effectively fulfils its role in defining the company's strategy (4.55) and is capable of acquiring and understanding the information necessary to define the company's long-term direction (4.36), demonstrating a forward-looking and well-planned approach.

**A culture of structured meetings and organized discussions has been established:**

Board meetings are conducted with clear procedures (4.55), and members engage in open discussions on agenda items (4.55), indicating a transparent and collaborative decision-making process.

**Strong awareness and understanding of risk and conflicts of interest:** The Board members were assessed as having a solid understanding of their responsibilities regarding company risk (score: 4.54) and a strong ability to identify and address issues related to conflicts of interest (score: 4.636). These results indicate that the Board possesses a well-developed understanding of ethical and legal responsibilities.

Based on the evaluation results of the Board’s activities in 2024, the high scores in the areas mentioned above demonstrate sound governance, mature management practices, and a responsible approach by the Board.

Additionally, based on the relatively lower scores in certain criteria, the Board identified areas requiring attention and developed an improvement plan accordingly.

### **Board of Directors Strategic Discussion**

On December 26, 2024, a strategic discussion session was held to review the company’s strategic plan, current status, and market outlook. The discussion was attended by consultants D. Bailikhüü and D. Boldbaatar, Board Chair Ch. Khashchuluun, Independent Member E. Shijir, and Board Members A. Enkhjin and T. Davaajav, who shared their views and insights.

## **INFORMATION TRANSPARENCY**

The company ensured transparency by publicly disclosing its periodic reports, timely information, and governance documents through the Financial Regulatory Commission (FRC), Mongolian Stock Exchange (MSE), and its official website within the timeframes specified by relevant regulations. In addition, relevant information intended for foreign investors was prepared and delivered to the responsible units.

In line with the newly revised “Corporate Governance Code” approved by the FRC, the company has been submitting semi-annual implementation reports to the FRC and MSE for review and certification, and to receive a governance rating.

## EVALUTATION METHOD

The evaluation of the implementation of the “Corporate Governance Code” of “MIK Holding” JSC was conducted in accordance with the methodology approved by Resolution No. A/58 of 2022 by the CEO of the Mongolian Stock Exchange.

### Evaluation Structure

The evaluation model for the “Corporate Governance Code” consists of 36 questions and is organized into the following structure:

1. Structure and Organization of the Board of Directors (BoD)
2. Committees under the BoD and their Functions
3. Reporting and Transparency
4. Audit and Control Systems
5. Risk Management
6. Remuneration of Authorized Officers
7. Stakeholder Rights and Interests
8. Corporate Culture
9. Shareholder Rights

### Scoring Criteria

Each question is scored as follows:

- **2 points** for full implementation or when a justified explanation is provided;
- **1 point** for partial implementation or if implementation is planned with a set timeline;
- **0 points** for no evaluation provided.

Implementation and justifications are assessed individually, converted into percentages, and scored on a scale of 0–100%.

### Final Rating Categories Based on Aggregate Score

Based on the aggregate score, the implementation level of the Corporate Governance Code is assessed as follows:

- **90% and above:** Good governance with no risk.
- **70–89%:** Moderate governance, with potential risks — recommendations required.
- **50–69%:** Weak governance — remote or on-site inspections are necessary.
- **Below 50%:** Poor governance — regulatory intervention is required due to high operational risk.

### SUMMARY OF EVALUATION RESULTS

Based on the consolidated results, the overall governance rating of “MIK Holding” JSC is **100%**, indicating that the company’s governance is at a normal level with **no identified risks**.
